

Subscription Billing Service

LogicSMS Subscription Billing Service is a billing platform that facilitates recurring billing on South African Cellular Networks.

Funds are deducted from available airtime or from existing contracts with the cellular provider.

The service is subscription based, and as such, billing will only occur when the double opt in process has been completed by the subscriber.

Subscription Line

A subscription line is provided by LogicSMS, which allows you to perform recurring billing on a South African Cellular Network number. The Line is managed and maintained by LogicSMS.

Subscription Billing via SMS

LogicSMS provides a Keyword on a Premium SMS Short-Code (5 digit number) to organisations or individuals that wish to bill their customers through the **Subscription Billing Service**.

The customer is advised to SMS the Keyword (the first word of the SMS) to the Short-Code number to subscribe to the billing service. **Example:** "SMS Pay to 44111 to subscribe. R2.00 / day"

The customer will then receive an SMS informing them that they will be charged Rx.xx per day / week / month.

The SMS will also ask them to reply with the letter "Y" or the word "YES" to confirm the Subscription Billing. Upon receipt of the confirmation SMS ("Y", or "YES"), the customer will receive a Welcome SMS providing them with a summary of the service that they have registered for. If no response is received, billing is not performed.

The Welcome SMS contains the following information:

- the name of the service.
- the pricing information.
- a customer support number.
- instructions for terminating the service.

Monthly Subscription Reminder SMS:

An SMS is sent to the client every month containing the details of the subscription service that they are signed up to.

Pricing

Note: LogicSMS operates on a Pre-paid credit basis. Credits are used as payment for all our products and services. Our standard pricing is R0.24 (Excluding VAT) / Credit. **NB: In the event that your LogicSMS credit balance is insufficient to pay for the various fees (see Other Fees, below), the billing service will not be operational.**

For a limited introductory period, the following pricing will be offered for this service:

Setup: no setup fee.

I acknowledge the profit share indicated in the table, above. Initial:

Profit Share Payouts must be requested from LogicSMS on-line. Profit share payouts are made directly into the bank account details provided during setup of the subscription line. Payouts are made within 90-99 days from the payout request.

Profit Share Payouts may be made within 60-69 days from the payout request upon application for an earlier payout. Earlier payouts are levied at a rate of 10% of the total payout due.

Subscription Cancellation

Subscribers may cancel the subscription at any time either through LogicSMS or through their cellular network. The billing will not be performed.

Subscription Line Cancellation

Written notice must be given by either party to cancel this agreement before the end of the rental period of the subscription line.

This agreement will expire when the Subscription Line Expires. The Subscription Line can be renewed.

FAQ

Who is this service for?

Any organisation or individual that has a product or service for sale.

Some examples are: a daily quote, a weekly news update or a monthly informational package.

How do I claim a payout?

Payouts can be viewed online per month. The Payout Statement will show the status of all previous and/or current payouts. To claim, please login to your account and request a payout online and send us the invoices required. We will then process and send back any adjustments, if required. We may contact you requesting information.

When are payouts paid?

Please see **Revenue/profit Share section** on this document.
